FOR IMMEDIATE RELEASE

Robinson Pharma Inc. has been granted a Drug Manufacturing License by the California Department of Health Services, Food and Drug Branch.

April 24, 2007- Santa Ana, Ca- Robinson Pharma Inc., (R.P.I.) announced that it has been granted a Drug Manufacturing License by the State of California Food and Drug Branch of the Department of Health Services. R.P.I has successfully met all of the requirements for facilities, personnel, training, and standard operating procedures for licensing as a Drug Establishment and has demonstrated competence in manufacturing OTC drug products. This validates compliance to cGMP standards and places R.P.I. in the top tier of contract manufacturers.

Robinson Pharma Inc. set forth on a program of continually increasing its size, range, and precision of manufacturing and has been successfully implementing this plan. R.P.I. has also added significant laboratory capacity doubling its staff and doubling its micro-biological laboratory, as well as adding additional analytical capacity with three new high performance liquid chromatographs. Tuong Nguyen, the founder and C.E.O. of Robinson Pharma Inc. commented that "The Drug License is an important step in making Robinson Pharma Inc. the leading contract manufacturing company in America. Our vision is being realized and our success is the result of the hard work and commitment of our staff, and the valued support of our customers. We recognize that quality is critical to our growth and we are setting increasingly more rigorous standards".
