RPI's massive capacity, ability to rapidly fulfill orders, and competitive pricing enable RPI to compete across the globe for contract and private label nutritional manufacturing business. RPI's founder and CEO, Tuong Nguyen, stated, "RPI had international reach from our humble beginnings as a contract packager. Now our industry leading production capacity and world class quality allow us to serve customers on five continents. We will become the global leader in soft gel manufacturing due to our commitment to state of the art production technology, a professional and committed staff, and key relationships with leading companies throughout the industry."

Robinson Pharma Inc. is a minority owned, Southern California based, drug licensed, full service private label and contract manufacturer of Dietary supplements. RPI features the largest soft gel encapsulation capacity in the U.S. with 22 continuous dry encapsulation lines capable of producing over 12 billion soft gels per year. Production capabilities include tablet compression, capsule filling, enteric coating of soft gels and tablets, custom imprinting, and a range of packaging options including bottles, blister packaging boxing, and bulk product. Additional services include product development and ingredient sourcing. Robinson Pharma Inc. provides rapid turnaround on all projects and offers highly competitive pricing. Robinson Pharma Inc. maintains 400,000 square feet of production, operations, and warehousing facilities.
